March 30, 2020

Dear Harrisburg School District Parents and Guardians,

Your involvement and support of your child’s education is critical! Remember, your child’s learning is about enrichment, exposure, reflection, feedback and application. As part of the school district’s continuity of education plan and through an innovative partnership with WITF, families will have access to at home learning that is directly linked to our Pre K through 12th grade curriculum.

WITF’s programming schedule for ALL grades – Pre K through 12th grade --- and subjects are available for you to use at witf.org/learningathome. You may also visit the Harrisburg School District website at www.hbgd.us to view the schedule, tools, and other educational resources to help make learning come alive at home!

Thank you for your support and partnership during these unprecedented times.

Sincerely,

Mr. Chris Celmer
Acting Superintendent
Harrisburg School District

“Empowering Academic Achievers and Lifelong Learners”
