The Board will follow Board Policy 903 during the public meeting. Copies of comment slips and Policy 903 are on the table in the back of the boardroom. Public comment slips must be submitted to the Board Secretary before the meeting is called to order,

Richard Soto-1339 S. 18th Street commented on the Rowland Academy open house and displeasure with the current process of bidding and hiring facilities services.

Sylvia Rigal-609 Curtin Street commented on the lack of crossing guards at the corners of 6th and Reilly, 6th and McClay, and 15th and Herr Streets, praised Mr. Pittman for his comments about board openness, and that the board agenda includes only two sites for Zoombalicious classes.

Jerome Williams-525 Wisconisco Street gave his time to Marvin L. Kenley, Sr. 329 Seneca Street, to comment on the Thanksgiving football game unpaid bill dispute. Mr. Kenley and Mr. Williams informed the Board that it was a non-profit organization holding the game and should have been considered a Class III group, thus not having had to pay a fee. Mr. Williams stated that there is no Booster Club for this organization to raise funds like other sports group and asked why this group can’t play on its home field like adjoining townships or communities do.

The following residents/taxpayers commented on the deteriorating condition of the new baseball field from other sports such as football and soccer practicing there and that the District baseball team is being told to leave so the other sports can practice:

Jeff Baltimore-1118 N. 17th Street read a prepared statement that highlighted the investment made to the field and the extensive damage being done to it. He advocated that the Board designate the field as single-use for baseball and find alternatives where other sports to practice.

Aaron Johnson-1513 S. 13th Street supported Mr. Baltimore’s statement.

Coach Dwight Rogers supported Mr. Baltimore’s and Mr. Johnson’s comments and stated the District does not check on the field, the condition is terrible due to other sports practicing there, has had to clean human feces from the field.

Jeffrey Baltimore, II-118 N. 17th Street is the assistant baseball coach and was told his team could not practice because other sports were practicing.

Nekki Rogers, a student at SciTech Campus, commented that the baseball field should be for baseball only and that he was present when the team was told to stop their practice and go somewhere else.

Donnie Coles, Sr. commented on the using the baseball field as single use. He would like to get together with the District Athletic Director, coaches, and board members to discuss the use of the baseball field and find solutions to the current problems.

Al Chambers-1302 State Street commented that he is ashamed of the condition of the field and the Board should consider its investment and the damage being done to the field by letting other sports practice there.

Superintendent’s Report
Dr. Sybil Knight-Burney
The eighth grade students of Marshall Math Science Academy (MMSA) have partnered with Habitat for Humanity in conducting a year-long, tiny home experiential learning contest. To bring this experiment to life, MMSA students will participate in a displaced (homeless) persons simulation, in order to collect data for their STEAM class project. Each event will be performed by students, and then reflected upon, as they ask themselves, “How could I effectively construct a tiny home to best serve this population?
How will this new integration and affiliation agreement impact student health, access to care and District partnership opportunities?

Presentation by: Tina Nixon  
Vice President of Mission Effectiveness  
Chief Diversity Officer
District level administrators are preparing for September’s districtwide professional development days with 25 high-quality differentiated sessions for instructional, non-instructional, support and other certificated HBGSD staff.

The key principles of high-quality differentiation include establishing a welcoming and safe classroom, ensuring that what is taught (the curriculum) is of the highest quality, maintaining a commitment to ongoing assessment, offering differentiated tasks, and incorporating flexible grouping practices over time (Strickland, 2007). District administrators are committed to providing high-quality differentiated professional development that reflects these principles.

Over the past 5 months, HBGSD has issued medical messages, letters and School Messengers calls regarding Pennsylvania’s new vaccination requirements for all school-aged students. The District strongly encourages all parents and guardians to contact their child’s primary care provider to make sure they are up-to-date with all state required vaccinations. To assist students and families, the District partnered with Hamilton Health Center to provide free vaccinations to any Hamilton Health Center patient in Kindergarten through 12th grade during Open House at Downey and Foose Schools. The new vaccination requirements are state law. If students are not properly vaccinated, they may risk exclusion from school. The District’s Public Relations Coordinator convened media events to expand parent and community awareness of this important law.

During the month of August, four (4) initiatives were completed:

- Jim Snell was hired as part-time Chief Financial Officer, which satisfies AF01 and AF02.
- AF09 was completed with the distribution of standardized District Student-Parent Handbooks and a School Operations Resource Guide for district staff. The Human Resources Director issued an Employee Manual to provide written directions and steps for many human resources department functions.
- ED17 was completed with the initiation of the Career Pathways program at the high school level.

Thirty-one (31) Recovery Plan initiatives remain to be completed.

- Six (6) initiatives are considered to be ongoing:

The District has continued to face academic challenges. Much needs to be accomplished for all academic portion of the Recovery Plan to be considered successful. However, improvement in DIBELS status and PVAAS growth are anticipated. Official PSSA and Keystone test results for 2017 should be received from PDE in the October.

**Focus for 2017-18**

Moving forward, administrative focus should be on the completion of the organizational structures (AF09) that are designed to ensure appropriate operational guidelines and structures:

- Written Administrative Regulations
- District Data Management Plan
- Educational Technology Plan

The academic focus must be on the consistent, effective implementation of district systems that can ensure:

- Consistent implementation of the written curriculum across all grade levels.
- Effective instructional strategies in every classroom.
- Monitoring of student academic growth as measured by benchmark assessments aligned to the PSSA test.
- Implementation of an effective MTSS process and academic interventions.

WHEREAS, since 2013 the City uses the Property to contain and maintain a portion of the Greenbelt recreational area for use by the public (the “Use”); and

WHEREAS, pursuant to Section 8812 of the Pennsylvania Consolidated County Assessment Law, 53 P.S. Section 8812, the Use is exempt from real property taxation; and

WHEREAS, on November 10, 2016 the Dauphin County Board of Assessment Appeals granted the Property tax exempt status; and

WHEREAS, the Board of School Directors of the School District of the City of Harrisburg (the “Board”) previously exonerated real property taxes on the Property for the tax years 2013, 2014 and 2015 based upon the City’s ownership and the Use; and

WHEREAS, the Board could not exonerate the real property taxes on the Property for the 2016 tax year because they had not yet become delinquent but now are delinquent; and

WHEREAS, Dauphin County has assessed real property taxes on the Property for the tax year 2016 (the “Taxes”); and

WHEREAS, the Taxes remain unpaid which has resulted in delinquent tax liens (the “Liens”); and

BOARD SECRETARY  BOARD PRESIDENT
City of Harrisburg  
Office of the City Solicitor  

July 31, 2017  

Ms. Danielle Robinson  
President  
Harrisburg School District  
1601 State Street  
Harrisburg, PA 17103  

Re: Request to Exonerate Delinquent Real Estate Taxes  
1600 S. Cameron Street, Harrisburg PA 17104  
Parcel No. 01-049-048-000-0000  

Dear President Robinson:  

On behalf of the City of Harrisburg, our office is requesting that the School District forgive the 2016 real estate taxes on the above-referenced property, including any penalty and interest and strike off any associated tax liens.  

The subject property was acquired by the City in 2013 and has been consistently utilized by the Capital Area Greenbelt Association to maintain portions of the Greenbelt trail system that cross City property throughout the City. Such use qualifies the property as exempt from real estate taxes and the property was officially granted tax-exempt status on November 10, 2016.  

The School District previously granted the City's request for tax forgiveness and exonerated the 2013, 2014, and 2015 property taxes; however, the 2016 taxes could not be exonerated at that time because they had not yet become delinquent. Attached for your convenience is a copy of the letter the School District previously sent to the Dauphin County Tax Claim Bureau confirming the exoneration of the taxes for 2013, 2014, and 2015.
At this time, the City kindly requests that the School District forgive the 2016 real estate taxes on the above-referenced property, including any penalty and interest and strike off any associated tax liens. Attached for your convenience is a copy of a Notice of Unpaid Real Estate Taxes for 2016 for the subject property.

Thank you for your consideration. Please do not hesitate to contact us if you have any questions.

Since I,

Neil A. Grover, Esquire
City Solicitor
