

Comparison of Technology Plan Objectives to Strategic Plan Goals

	Technology Plan Objectives	To build a standards-driven educational system that promotes and reinforces the active participation of all students, parents, staff, business partners and members from the community at large.	Enhance student and staff creativity, intellectual vitality and cultural competence through ongoing and multi-faceted programs and activities.	To empower all stakeholders to foster and support a safe, caring environment.	To establish a standards-driven curriculum that identifies indicators that demonstrate one year's growth in student achievement.	To institute a wide variety of active learning experiences aligned with individual student needs and academic standards.	To establish a continuous quality improvement assessment program.
Curriculum and Learning Objectives	1. Auditory processing system	X	X		X	X	X
	2. 9-12 curriculum based instructional system	X	X		X	X	X
	3. K-8 curriculum based instructional system	X	X		X	X	X
	4. Digital portfolio system	X	X		X	X	X
	5. Technology curriculum	X	X		X	X	
	6. Train teaching staff	X	X		X	X	X
	7. Integration of technology into curriculum and classroom	X	X		X	X	
	8. Distance learning	X	X		X	X
